

Special Olympics NJ, Inc has had the privelege of recognizing DialAmerica Marketing as a sponsor for almost 20 years. During this time they have provided in excess of \$1.5 million in much needed funds that have allowed us to conduct over 140 events annually for more than 13,500 individuals with developmental disabilities, totally free of charge to the participant! Their magazine program is a benefit to SONJ and the individual, as well. It provides an opportunity for the individual to support their charity, while incurring no additional out-of-pocket expense. In addition, they provide a valuable service by reaching out to far more individuals than we would ever be able to and providing them with information about Special Olympics. We have had the opportunity to monitor DialAmerica's sales reps and have always been impressed with their professionalism and respect for the consumer. Legislation that would negatively impact DialAmerica's ability to reach out to individuals on behalf of Special Olympics would have a severe negative impact on our ability to raise funds and would hinder our ability to continue to provide services to our very deserving population.
